INTRODUCING THE VERVE COLLECTION SILKWOOD™ PRE-OILED WORKTOPS

SILKWOOD™ SOLID & ENGINEERED WORKTOP RANGE

Our range of Silkwood worktops are more than just a range of wooden worktops, they are pre-oiled and finished with a unique Silkwood surface that is ultra-smooth and highly-resistant to moisture.

The Silkwood range features a carefully chosen selection of worktops, breakfast bars and matching upstands, giving you the very best in wooden worktops on the market.

Made using the very best raw materials available, Silkwood worktops are virtually furniture-grade quality with matching performance.

FEATURES & BENEFITS

- A carefully chosen range of solid wood and engineered worktops, breakfast bars and matching upstands
- Worktops are supplied pre-oiled by machine - achieving maximum saturation for protection against moisture
- Supplied pre-oiled - requiring only one simple and final coat of finish with Woca worktop oil upon installation
- The production and finishing processes used ensure the grain and colour of each Silkwood worktop is consistent
- Treated with Woca Worktop oil - a completely VOC free natural product which is suitable for contact with food
- Woca worktop oil is an oxidising and penetrating oil which penetrates the wood up to 1mm and cures and hardens within the wood via the oxygen in the air
- Prime Oak, Herregards Oak and Prime Thermo Ash are all FSC® Certified
- A range of Woca treatment, care and maintenance products are available to help with successful installation

Silkwood worktops are manufactured using
FSC® Certified timber from sustainable sources.
